WHY CHOOSE JOJO'S?

TOP-GRADE *IN-SEASON* POTATOES PREPARED DAILY

We prepare our fresh-cut chips from scratch on-site every single day. As the seasons change, so does our choice of potatoes, ensuring the best quality year-round. Our preferred variety, Agria, is a premium main crop known for its superior yield and perfect taste. Sourced from the rich, potato-friendly soils of Cambridgeshire and Lincolnshire, these spuds are grown specifically for the ultimate chippy experience.
